**Re: Air Screening results, course Nu. 9 candidates**

Dear Valentin,

1. On February 27<sup>th</sup>, 2020, a screening committee was held in the PTC to conclude the Air screening phase for 4 candidates of course #9.
2. Four candidates completed the all process of the air-screening (ground Scholl & flights).
3. One candidate, 2<sup>nd</sup>Lt. Filip Lazov, **successfully** completed the air-screening process.
4. The other candidate, Darko Lamanovski, 2<sup>nd</sup>Lt. Oliver Mladenovski, and Lt. Goce Todevski , **failed in the process** due a low performance which was far beyond the PTC requirements.

PTC cannot start a new course with one cadet, so we are strongly recommending initiating additional recruiting campaign by the MoD to get more candidates to be evaluate

**Sincerely,**

**Shraga Yaari**

**PTC Director**
